

DANGEROUS GOODS

Civil Aviation Safety Regulations restrict the carriage of Dangerous Goods. Any items that fall into the following categories **MUST** be declared to determine if uplift is permitted

Penalties apply to persons not complying with Civil Aviation Safety Regulations

PROHIBITED ITEMS

There are a number of items (including weapons) that the Aviation Transport Security (Prohibited Items) Instrument 2012 prohibits from being carried on board an aircraft as carry-on baggage. Examples include;

- **Sporting goods, kitchen utensils, tools and other things with sharp edges or points capable of injuring a person:** for example crampons, knives (including leatherworkers' knives), ice axes and ice picks, rock-climbing equipment such as pitons, hooks, hammers and bolts, ice skates, meat cleavers, axes, hatchets and similar things, metal cutlery, open razors (also called straight razors), scalpels, ski poles, darts, drills, box cutters, utility knives, saws, screwdrivers, crowbars, hammers, pliers and wrenches.
- **Sharp things that are not weapons, but are capable (with or without modification) of causing harm by penetration:** such as letter openers, bodkins, pointed metal scissors, razor blades, and hypodermic needles (whether or not attached to syringes).
- **Blunt objects that can be used to bludgeon or threaten someone:** such as baseball, softball, and cricket bats, and similar items. Hockey and lacrosse sticks and similar items. Billiard, pool or snooker cues. Golf clubs. Any other piece of wood, metal or any other substance big enough to threaten someone.
- **Flammable household goods like:** aerosol containers, including cans of spray paint, petrol and any other flammable liquid. Fireworks and toy caps.
- **Items that can be used to restrain someone:** such as cable ties or handcuffs.

The following items may be taken on board in your carry-on bags at the discretion of Corporate Air:

- **A fork if the tines have square or round ends; and the handle has a round end and is not detachable.**
- **Allen keys (under 6cm).**
- **Plastic cutlery knives.**
- **Safety razors.**
- **A pair of blunt ended or round ended scissors with blades less than 6cm long.**
- **Walking sticks, crutches and other mobility aids.**
- **A hypodermic needle if the person carrying it shows proof that it is medically necessary for their own use or for another person in their care.**
- **Umbrella with metal points.**
- **Knitting needles.**
- **Crochet needles.**
- **Pointed metal nail files.**
- **Racquets used in squash, tennis, badminton.**

This is not a complete list of weapons and prohibited items. There may also be other things banned under other forms of legislation or through Corporate Air's prerogative to not carry them. If you illegally take dangerous goods on the aircraft, even inadvertently, you may be liable to prosecution and severe penalties apply. Corporate Air and airport or government officials may inspect and/or search your baggage with or without your presence. If you are unsure about any such items, please check with us before you travel by calling **+61 2 62497044** – or leave them at home.

SOME THINGS WERE NEVER MEANT TO FLY!
